Technical Skills

- C
- Python
- Java
- Machine Learning
- Data Analytics

Soft Skills

- Communication
- Leadership
- Teamwork

CAREER OBJECTIVE

To seek challenging opportunities where I can use my skills and knowledge for the growth of the organization.

PROJECTS

Automated Proctoring System:

- Developed an automated proctoring system that allows for automatic user monitoring through webcam and microphone.
- This system's overarching objective is to preserve the academic integrity of exams by offering real-time proctoring to identify the majority of test-taker cheating actions.
